

Quality Policy

The management of Borwell are committed to:

- ✓ Meeting customer requirements with product that is fit for their purpose. Further, it is the aim of the Company to supply and install faster and neater than the competition to the satisfaction of the Customer
- ✓ Providing customers with high quality software installations and services which fulfil their specific needs for operating the business to the systems required by ISO 9001: 2008
- ✓ Rigorously controlling the supply, installation, commissioning and completion of all projects
- ✓ Promoting the culture of Continuous Quality Improvements and the philosophy of getting things “right first time”
- ✓ Promoting the quality management systems and ensuring implementation is achieved by internal auditing, management reviews, corrective and preventive action
- ✓ Quality Objectives are set at the Management Review meeting, and are reviewed and revised at subsequent meetings

The Managing Director has appointed a Quality Consultant who has the responsibility for monitoring, maintaining and updating the Quality Management Systems.
